

# ASHTON GUSTAFSON

## A Modern Approach to Traditional Business

A nationally recognized REALTOR®, artist, musician, and entrepreneur, REALTOR® Magazine named Ashton one of their “30 under 30” in 2010. He has keynoted everywhere from Los Angeles, CA to Burlington, VT, as well as internationally in Canada and Spain. He writes about the art of living, finding beauty in the hidden places, and making music with your life, relationships, and business. His podcast, [LET THE MUSIC PLAY](#), serves as a platform for thought leaders and visionaries from across the country to share their wisdom and insights on making the world a better place. Ashton is currently a partner at Bishop Realtor Group, Meadowlake Management, and Muse Capital in Wichita Falls, TX as well as A.G. Real Estate & Associates in Waco, Texas. “WOW!! If you are looking for an inspiring, captivating, fresh speaker you should absolutely book Ashton Gustafson. We got some of the best feedback we have ever received for this event thanks to Ashton’s message. His message was inspiring and included concrete takeaways that our REALTORS® can use in their businesses. Ashton has a true gift.”

— Claire Hayden, Programs & Events Director, Charleston Trident Association of REALTORS®

“Ashton was not only motivational but gave our agents a system to declutter their business, work smarter and become more profitable. He impressed an audience of 450 which included new realtors to our most tenured sales agents and branch managers. As a company that has brought speakers in for decades, Ashton was one of the best!” — Dan Early, VP, Long & Foster Real Estate Inc.

### QUOTES FROM ASHTON

“Your human thumbprint is greater than your digital footprint.”

“Listening is greater than shouting.”

“Our days need to be more and more about less and less.”

“What happens when your digital world gets some soul?”

“You have to tell your day where it’s going to go.”

“You already know everybody you need to know.”

“People would rather have a friend than a realtor.”

“People don’t do business with you because of what you do, they do business with you because of why you do it.”

“To create careers and lives that are extraordinary, we must continually create moments that are out of the ordinary.”

“The problem is you can make a living from just making noise; your challenge is to instead find and make your music.”
